NOTICE OF PUBLIC HEARING

A public hearing will be held by the Detroit City Planning Commission in the Committee of the Whole Room, 13th Floor, Coleman A. Young Municipal Center, 2 Woodward Avenue, Detroit, Michigan 48226, on

THURSDAY, JULY 18, 2019 AT 6:30 PM

to consider the request of the Detroit Planning & Development Department to amend Article XVII, District Maps 28 & 30 of the 1984 Detroit City Code, Chapter 61, Zoning, by showing an M2 (Restricted Industrial) zoning classification where a B4 (General Business) zoning classification are currently shown on seven (7) parcels generally bounded by East Warren Avenue to the north, St. Jean Street to the east, Kercheval Street to the south and Beniteau Street to the west. The location of the proposed rezoning is specifically indicated as the shaded area on the accompanying map. The specific addresses of the parcels are available upon request.

The proposed map amendment is being requested to allow for the expansion of the Fiat Chrysler Mack Engine Plant. The proposed uses for the parcels to be rezoned are employee parking, assembled vehicle storage and semi-trailer parking. The proposed uses are permitted by-right in the M2 zoning classification, but are not permitted in the B4 zoning district.

The pertinent zoning district classifications are described as follows:

B4 – General Business District

The B4 General Business District provides for business and commercial uses of a thoroughfare-oriented nature. In addition to these uses, other businesses, which may benefit by drawing part of their clientele from passing traffic are permitted. Additional uses, which may be successfully blended with permitted by-right uses, are conditional.

M2 – Restricted Industrial District

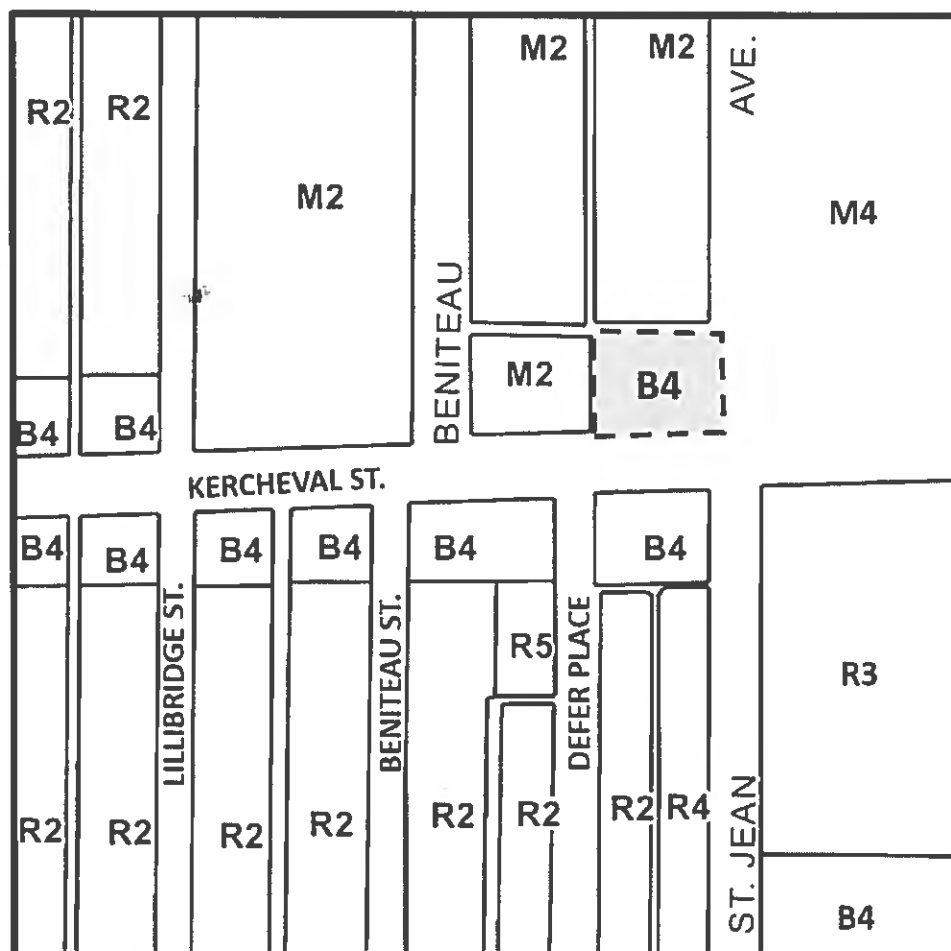

This district is designed for a wide range of industrial and related uses which can function with a minimum of undesirable effects. Industrial establishments of this type provide a buffer between residential districts and intensive industrial districts. New residential construction is excluded from this district with the exception of loft conversions of existing buildings and of residential uses combined in structures with permitted commercial uses. These requirements are both to protect residences from an undesirable environment and to ensure reservation of adequate areas for industrial development.

A Zoning Ordinance map amendment requires approval of the City Council after a public hearing and after receipt of a report and recommendation by the City Planning Commission. This Zoning Ordinance map amendment request is being considered consistent with the provisions of Article III, Division 3 of Chapter 61 of the 1984 Detroit City Code, the Detroit Zoning Ordinance.

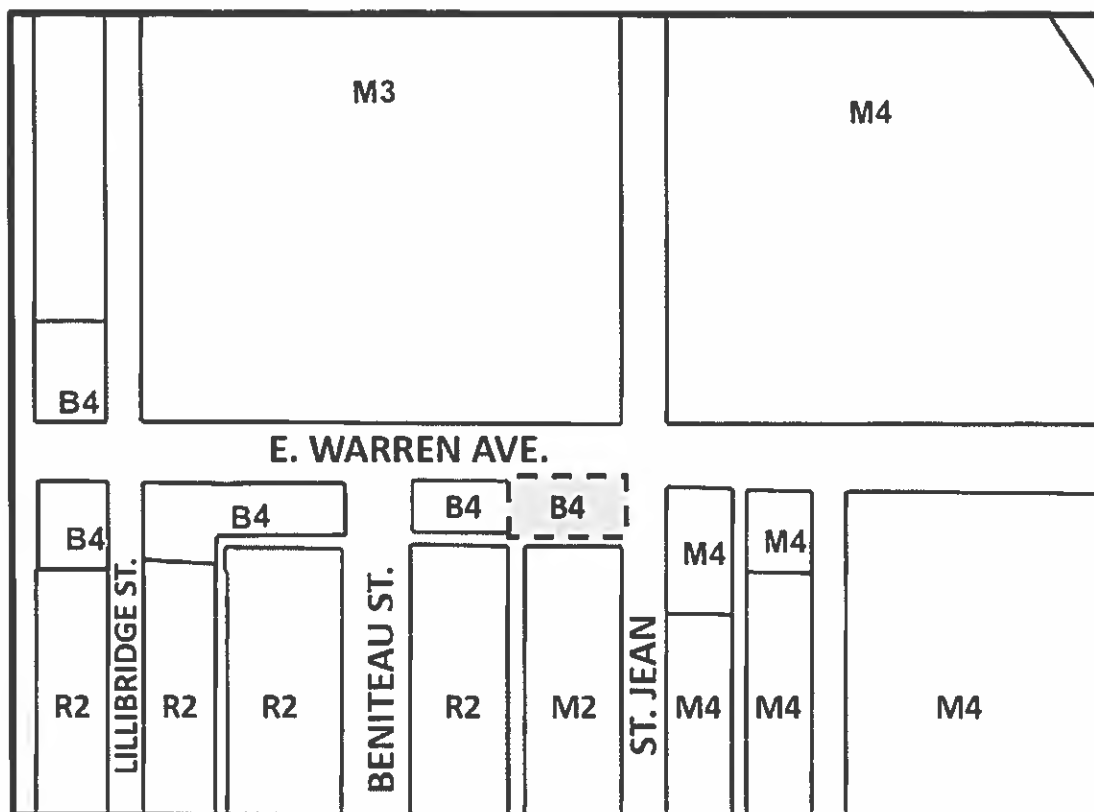

You may present your views on this proposal by attending this hearing, by authorizing others to represent you, or by writing to this office prior to the hearing; 2 Woodward Avenue, Room 208, Detroit, Michigan 48226 (Fax: 313-224-4336).
